<u>Element</u>	<u>Star Comments</u>  Share some ways in which the project succeeded in using each of the elements	<u>Next Step Comments</u>  Share some suggestions on how each element could be better used in the project
Dramatic Question Was there a clear question the video maker was trying to answer? Was an answer offered?		
Point of View Was the video maker's POV incorporated into their project?		
Emotional Content Did the video maker offer a clear expression of emotion(s)? Did the project have an emotional effect on the audience?		
Voice How well did the personality and tone of the video project come across to the viewer?		
Economy How efficiently was the story told? And, how clear and concise was the imagery and media used?		
Pacing How fluid was the video project? Did it flow naturally and did its pacing match its subject?		
Juxtaposition How well did the project blend different media elements together?
